Team: I am in progress on the SKK-Dae Eui Lee-Hot or R 10-23-12-not coded00009 batch. The vast majority of these docs have been foreign language, without enough English in them to aid in determining relevance. However, there have been some relevant/hot docs mixed in, mainly fitting under the Conspiracy, Espionage, Intelligence, Cap/Prod, and FTAIA (mentions of ) Top Level Issue categories. I've summarized some examples below. Thanks, and have a good weeknd.
